

Layale Matta

Zouk-Mikael, Kesrouan, Lebanon • CELL (961) 71721977 • E-MAIL layale.matta@outlook.com

PROFILE

I'm Layale Matta. I just graduated in December 2014 from USEK with my degree in computer engineering. When I'm not studying or playing with programming languages, I fool around with Photoshop and play violin. Upon graduation, I hope to work in either software/mobile development.

EDUCATION

Bachelor of Sciences in Computer Engineering

Holy Spirit University of Kaslik, Lebanon

Native proficiency

EXPERIENCE

Microsoft Student Partner

November 2012 – Present

Promote computer science and other computer-related fields on campus with Microsoft sponsorship. Includes mentoring freshmen, planning events, and helping others develop Windows Phone applications.

Assistant Professor (USEK)

November 2012 – November 2014

Provide and lead study sessions to underclassmen for Java courses (basic Java C++ and data structures). Plan activities for students and work with them one-on-one with their homework and projects.

Junior Developer (FOO SAL)

June 2014 – September 2014

Developed Windows and Windows Phone applications using Facebook API.

.....

Software Intern (FOO SAL)

Summer 2013

Developed Windows Phone 8 version of 'Movies in Lebanon' to be released to the public in late February 2014. Applied the MVVM pattern, using C#, along with Xaml, JSON and Bing Ads.

.....

Multilane Business Software

November 2011 – November 2012

Worked on the backend of the 'Go Jewels' software. Used COBOL .Net

.....
